Re: GN Docket No. 13-5, Technology Transitions; GN Docket No. 12-353, AT&T Petition to Launch a Proceeding Concerning the TDM-to-IP Transition; WC Docket No. 05-25, Special Access for Price Cap Local Exchange Carriers.

Dear Chairman Wheeler:

I am Director of Support Services for the Lincoln County School District in Oregon. With cost and service in mind, our District has chosen a competitive carrier for our voice and data services. They provide the individualized services and great customer support we need.

We commend the FCC's efforts to provide customers with more choices for broadband service. As technology transitions and more services move to IP based solutions, we encourage you to protect the wholesale access market. This will ensure that our ability to choose a competitive provider, based on factors including customer service and price, will remain intact.

By keeping the marketplace open for more competition, the FCC will help ensure that businesses like ours have the power to choose the broadband provider that is the best fit for our needs and growth.

Sincerely,

Rich Belloni
Lincoln County School District
